

From the desk of Kay Wildt, NCFRW President

The Mid-term elections are here. Republican successes will be due to the countless hours that YOU and all Republican women have devoted to saving our country from enemies both foreign and domestic. What you do is so valuable to our nation and to our Republican Party that we cannot thank you enough. Yet we ask for more...

Lt. Gen. Michael Flynn, USA (Ret'd) spoke recently at a Cumberland County GOP event, where he issued a dire warning - that we stand on a precipice, and we must be successful both this Fall and in 2024, or America as we know it, and our freedoms, will be lost. He said that no matter how hard you are working, you must work twice as hard.

Fight for America because in 16 months Biden's administration has done this:

- To date in 2022 an estimated one million unknown, unvetted people, many military-age men, crossed our Southern border. In 2021, 1,956,596 were apprehended. Are some of them enemy combatants? All are surely a threat to our National Sovereignty.
- Our economy is gutted by deliberately harmful policies that affect all of us, especially young families and those struggling financially. The national average for a gallon of gas is \$4.11, up 50 cents from a month ago.
- Depravity in schools exposes young children to filth for the sake of absurd "wokeness," Marxism is promoted, while parents are targeted by the U.S. Attorney General who threatens to treat them as domestic terrorists.
- We pander to enemy governments - Iran, China and Russia - and bad policies make us vulnerable to our enemies - enemies with nuclear weapons!

NCFRW members are working twice as hard to save our beloved America, and we have faith that God will sustain us in this fight. Be inspired by the reflection below.

Reflection by Margeaux Holland, NCFRW Chaplain

"God is not unjust; He will not forget your work and the love you have shown him as you have helped his people and continue to help them." Hebrews 6:10

Now, may that be a cup of cold water to your thirsty soul and weary heart. When you are tired and can't go to one more meeting, make one more call, or attend one more fundraiser...be encouraged to know...He sees you.

Take on His yoke that is easy and His burden that is light. Then, pray and surrender it all to Him. Take a deep breath, step up and move forward.

Know that your work is not hidden or unseen but blessed, and His compassion and love knows your life.

May you rest in that as He restores you to once again rise up and be valiant.

Your Federal Register comments make a difference!

Charter Schools and the Federal Register

Thank you for commenting on the Federal Register's (FR) Proposed Rulemaking on Charter Schools that would chip away at parental rights. You and 26,550 people took time to comment. A year ago we stopped the Federal government from funding Critical Race Theory with 35,000 FR comments. **You have POWER.**

Now help save the truckers! May 13 deadline

We ask you to comment on a pocketbook issue. Fight for American truckers and against government overreach. At a time when the US leads the world in environmental success, onerous regulations will further harm our ability to move vital food and supplies that families need. See below for Talking Points and simple instructions to make a brief, yet critical, Federal Register comment.

The Miseducation of America

"The Miseducation of America" is an excellent video series that traces the history of the Left's takeover of education. An NC parent group hosted a community viewing of the film at a local theater, and those who saw the film gave it rave reviews. While this Fox Nation documentary is behind a paywall, it is very worthwhile and we highly recommend it. You can find it on FoxNation [here](#).

Congratulations!

Gay Dillard is serving on the NFRW's Americanism Committee.

Great reading

Ken Raymond's book, *Black Political History, From the Arch of Safety into the Mouth of the Lion*, is a must-read for those interested in a well-researched, engaging history of black America. **Mr. Raymond** acknowledges both the bad and the good in our history and lays bare how the two Parties' actions influenced where we are today. For a warts-and-all history that text books do not cover, this is excellent.

Caring for America projects

Some great ideas for projects at your own Club!

Johnston County RW

The Johnston County Republican Women (JCRW) conducted a very successful CFA project supporting iChoose Pregnancy Support Services . iChoose provides compassionate support to women and men in unplanned

pregnancy situations, providing free and confidential services.

JCRW members generously purchased needed items and filled more than 30 baby bottles with coins, cash and/or personal checks.

Photo above: Members of JCRW with Vickie Currie, iChoose Executive Director, and **Jackie Weyhenmeyer**, NCFRW Capital Region VP.

Rockingham County RW

Rockingham Republican Women support their law enforcement officers. Each month they go to a different department in the county, taking a cake and leaving them bags of good coffee. Their first trip was to the Sheriff's Dept. With 155 in the department, they needed a lot of cake!

Vice President **Violet James** and President **Bonnie Joyner** found a cake decorator who did an awesome job, and they delivered the treats along with heartfelt thanks for the Sheriff Department's work in the community.

Scenes from the April NFRW Board Meeting

At the Spring 2022 Board of Directors meeting in Alexandria, Virginia, state presidents and Federation leaders gathered for a Legislative Day featuring Rep. Claudia Tenney (NY-22), Virginia Lt. Gov. Winsome Sears, Hans Von Spakovsky of Heritage Foundation and Grover Norquist of Americans for Tax Reform.

NFRW Presidents and leadership pose with Virginia Lt. Governor Winsome Sears.

Virginia Lt Governor Winsome Sears urged us to welcome new voters, who may not agree with all we stand for - take small victories.
